

October 4, 2007

To Our Valued Customers:

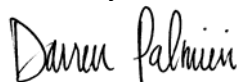

Tyco Fire & Building Products has received notice from our resin supplier, Lubrizol, that our costs for the BlazeMaster® resin used to produce our CPVC pipe will be increasing in the next thirty days. As a result, effective December 4, 2007, Tyco Fire & Building Products will increase the current List Prices for its BlazeMaster CPVC Pipe by 6%. The List Prices for BlazeMaster CPVC Fittings will remain unchanged.

Tyco Fire & Building Products is also increasing the list pricing on the following resale items:
Watts/Ames/Febco Backflow Devices +5%
Flexhead Flexible Drops +5%
Smith-Cooper Flanged Fittings +5%

The List Price increases will be effective for orders placed on or after December 4th, 2007. The updated price list will be available no later than November 4, 2007 on our website at www.tyco-fire.com.

Tyco Fire & Building Products is committed to providing the best and most complete line of fire protection products in the industry. We thank you for your continued support, and look forward to being of continued service to you.

Sincerely,

Darren Palmieri
Product Manager
Residential Fire Protection
