Feb. 8, 2008

Dear Customer;

As a result of sharply escalating prices for raw material commodities and transportation costs, we find it necessary to implement a list price increase on our Grinnell Fire Protection Grooved product line effective Tuesday March 18.

The list prices for our domestic and import grooved couplings, fittings, valves and accessories will increase approximately 8%.

Tyco Fire and Building Products is also increasing the list pricing on the following resale items:

General Air Products	3 – 6%
FPPI	3 - 14%
Noble	2 – 11%
Ashcroft	12%
National Fire Mfg.	13%
Kennedy Valve	5 – 15%
Shurjoint	8%
La-Co/Markal	4%
Vulcan Thrd Rod	5 – 10%

The increase will be effective for all orders placed on and after Tuesday March 18. Orders placed prior to March 18 for immediate shipment will be processed at the existing price schedule. A copy of the new list price schedule reflecting this increase will be available on our web site by Feb. 18.

We thank you for your continued support, and we look forward to being of service to you.

Regards,

David Read
National Product Manager
Grooved Products
