TYCO Confirms All ESFR Products Meet UL and FM Clearance Protocols

LANSDALE, PA, USA. (January 29, 2014) – Tyco Fire Protection Products (TYCO), a global leader in fire suppression technologies, announces that all Tyco Early Suppression Fast Response (ESFR) products including dry ESFRs conform to the clearance testing protocols of both Underwriters Laboratories (UL) and FM Global. All Tyco products are designed to conform to applicable protocols required for listing or approval at the time of manufacture. Once manufactured to meet UL Listing and FM Approval, all Tyco products remain listed and approved and may be installed according to the code, rules and approvals applicable at the time of installation.

ABOUT TYCO FIRE PROTECTION PRODUCTS
